

RESEARCH NOTES - SUPPLEMENT TO THE COMPANY BRIEF

Additional facts not covered in company_brief.txt:

1. Anthropic created the Model Context Protocol (MCP), an open standard that lets AI assistants connect to external tools and data sources through interchangeable servers.
2. The Claude model family uses a tiered naming scheme, with Haiku as the fastest tier, Sonnet as the balanced tier, and Opus as the most capable tier.
3. Anthropic publishes AI safety research, including work on constitutional AI and mechanistic interpretability.
4. These notes were prepared for the Week 4 internship demo to test the agent's PDF reading capability.
